Serial No. 10/814,205
Preliminary Amendment of May 12, 2005
Page 4

REMARKS

The amendment in Paragraph [0015] is a correction of a minor clerical errors, the need for which is apparent from Office records. The list of patents and applications in this Paragraph is stated to be E Ink and MIT patents relating to electrophoretic displays. U.S. Patent No. 6,249,721 is not assigned to either E Ink or MIT and does not relate to this technology. Hence, correction is obviously required, and Office records show that the correct Patent No. 6,249,271 must be intended.

The amendments in Paragraphs [0208] and [0326] are simple corrections of obvious clerical errors, the need for which is readily apparent from the context.

No new matter is introduced by these amendments.

Respectfully submitted
